

Mark Book Class Update

Every Wednesday Andrew updates the markbook file. You should update your class regularly so your list reflects the most current changes. To do this click the class button.

The following screen will appear.

Click the update file button.

You will see the following screen Markbook remembers all of the information you have typed in here previously so there is no need to match up the fields again until next year. Yay! Simply Click the 'Update Class' Button in the bottom right corner.
